<div>■</div> <div>#1</div> <div>4/17/23</div>	Module O: Optimize = Optimus = Best = Eudiamon = Hērō In the introduction to Heroic Coach and the Optimize Mastery Series we'll preview the entire program before taking a few quick trips and learning a process to express the Optimize = Optimus = Best = Eudaimon = Hero versions of ourselves, closing the gap between who we're CAPABLE of being and who we're ACTUALLY being and giving the world all we've got.		<div>Ⓐ</div> <div>Flip the Switch</div> <div>Ⓐ</div> <div>The Ultimate Optimizing Algorithm</div>								
<div>■</div> <div>#2</div> <div>4/23/23</div>	Module I: Eudaimonology We define the game that we're playing, hang out with Aristotle, Abraham Maslow and Martin Seligman, discover that the word "psychology" literally means "the study of the soul" and commit to studying what a "good soul" (aka eudaimonia) looks like as we, most importantly, learn how to master the process of high-fiving our inner souls all day every day by operationalizing virtue.		<div>Ⓚ</div> <div>VIA Top 5 Unique Virtues</div>

WEEK #9 - 6/11/23 - OFF											
<div>■</div> <div>#10</div> <div>6/18/23</div>	Module IV: Carpe Diem - Part 1: The Big Picture If we're serious about moving from Theory to Practice to Mastery then we need to know one very (!) important fact: TODAY'S the Day!! In this session, we'll look at the big picture, meet the reporter who's always following you around, learn about the importance of knowing and EXECUTING our protocol. (Know this: the worse we feel, the MORE committed we need to be to executing our protocol!!) We'll also take a v1 pass at our Masterpiece Day template.		<div>Ⓚ</div> <div>Wave the Wand Masterpiece Day</div> <div>Ⓐ</div> <div>Time Tracking</div>		<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>						
<div>■</div> <div>#11</div> <div>6/25/23</div>	Module IV: Carpe Diem - Part 2: The PM Bookend Now that we know TODAY'S the Day (!!!), it's time to start at the beginning of our Optimal day—which just so happens to be the END of the prior day. As such, we're going to start architecting our Masterpiece Day with a solid Shutdown Complete and Digital Sunset protocol. We'll get better at turning our brains off so we can get to bed earlier and wake up (without an alarm?) nice and early feeling all bright and shiny. (Note: Heroic Coaches consistently tell us THIS session changes lives.)		<div>F</div> <div>SLEEP</div> <div>Turn off electronics one hour before going to bed.</div>		<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>					
WEEK #12 7/2/23 - OFF											
<div>■</div> <div>#13</div> <div>7/9/23</div>	Module IV: Carpe Diem - Part 3: The AM Bookend With a solid PM Bookend installed, we're ready to show up like a Boss in the morning—waking up feeling energized and ready to do some of our most important Big 3 goodness BEFORE we enter the world of inputs. We'll begin installing a solid AM protocol, including a meditation and Carpe Diem telos practice and, if you can swing it with your idiosyncratic constraints, some Deep Work, Deep Energy, and Deep Love time blocks.		<div>F</div> <div>FOCUS</div> <div>Meditate for eleven minutes.</div>		<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>				
<div>■</div> <div>#14</div> <div>7/16/23</div>	Module IV: Carpe Diem - Part 4: Energy With our AM and PM Bookends coming together, we're ready to Optimize our Energy throughout the day. Too many of us go through our days constantly "on" and, as a result, feeling a sense of what we call "enervated anxiety" (a close relative of burnout and bleh). To help the cause, we'll teach you how to create a deep sense of "Energized Tranquility" by systematically creating rhythms to our days that enable us to show up as our best selves more and more consistently throughout the day and over the years and decades ahead. (Boom!)		<div>Ⓚ</div> <div>Enervator & Energizer Inventory</div> <div>Ⓐ</div> <div>"Needs Work"</div>		<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>	<div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div>
